manually detachable  
ball

**model M**  
manually detachable  
ball with safety lock

**model V**  
vertical detachable  
ball that disappears  
completely

**model SF (C)**  
fixed interchangeable  
device with ball and  
hook

**model GRIFO (C)**  
fixed interchangeable  
device with ball and  
hook

### FIXED SWAN NECK BALL – MODEL F

Basic solution for those who want to save as much as possible and for a more handiness device. The ball is secured to the tow beam through screws and bolts, and if needed it can still be removed through the use of a simple key.

### MANUALLY DETACHABLE BALL – MODEL C

The best solution for all uses, from the professional using commercial vehicles to families that hook the trailer during their free time. The ball can be removed through the use of a lever with manual tightening and when not in use it can be placed in the boot. No tools are required, making this solution the best compromise quality / price available. The lever is also compatible to lodge an anti-theft device with key, which makes the model C optimal also from the point of view of safety.

### VERTICAL RETRACTABLE BALL – MODEL VM

For those who want only the best, the top solution is the vertical ball, that once removed it makes the fitted tow bar completely invisible. The system is technologically advanced and at the same time extremely simple and it is based on a clamping mechanism with automatic key. It is designed to provide the same characteristics of strength and reliability of the other two, in other to maintain unaltered the aesthetics of the vehicle when not in use.

## OUR WIRING KITS

**Kit C7**  
7Pin universal wiring kit  
without junction box

**Kit C**  
13Pin universal wiring kit without  
junction box

7Pin wiring kit with universal  
junction box and automatic cut off  
of the PDC(Park Distance Control)

**Kit C+CPDC**  
13Pin wiring kit with universal  
junction box and automatic cut off  
of the PDC(Park Distance Control)

**7SPEC**  
7Pin specific wiring kit with  
junction box

**13SPEC**  
13Pin specific wiring kit with  
junction box

## UNIVERSAL WIRING KITS WITHOUT JUNCTION BOX

---

The towbar for all vehicles without check-control and in general for all those that were produced until 2003, can be simply equipped with a 7 or 13pin wiring kit. In this case it is not necessary the use of an extra junction box to guarantee the functioning of the trailer's lights. On the catalogue it is possible to find an indication as to the type of wiring kit recommended for each vehicle.

### Available variations:

**C7** - simple wiring kit with 7Pin

**C** - simple wiring kit with 13Pin

## UNIVERSAL WIRING KITS WITH JUNCTION BOX

---

For the more recent vehicles, equipped with check control and with a more complex electronics, it is also necessary to install an additional junction box to allow the correct functioning of the trailer's lights. For this purpose are commercially available a large number of alternatives, with different qualitative and functional characteristics, which cover a wide range of needs. The universal wiring kits with Umbra Rimorchi junction box guarantee the best possible money value and are specifically designed to meet 100% the peculiarities of each target market.

### Available variations:

**C7+C** - 7Pin wiring kit with junction box

**C7+CPDC** - 7Pin wiring kit with universal junction box and automatic cut off of the PDC(Park Distance Control)

**C+C** - 13Pin wiring kit with junction box

**C+CPDC** - 13Pin wiring kit with universal junction box and automatic cut off of the PDC(Park Distance Control)

## SPECIFIC WIRING KITS

---

As an alternative to the Universal wiring kits, it is now available the full range of the Specific ones, that are individually designed for each vehicle and provide complete compatibility with any original electronic device. As this product range is constantly evolving and updating, before making an order it is best to verify if the wiring is available with our sales office.

### Available variations:

**7SPEC** - 7Pin specific wiring kit with junction box

**13SPEC** - 13Pin specific wiring kit with junction box
