Certifications

The certification of our products, as well as the mission of our company, has the sole purpose of offering our customers absolute excellence. "

QUALITY CONTROL

RiNa

Quality management system
complying with the standard for
the design and production of
tow hooks

IQ Net

Certificate Quality
Management System
Design and Manufacture of
towbars for cars and spare parts

Umbra Rimorchi has held these international certifications since 1997 and is constantly updated to offer the highest quality for the production of its products.

Our services

Constantly growing

The brand Umbra Rimorchi brand exists throughout Europe, North Africa, Middle and Extreme East. We are creating new partnerships every day.

In 2018 our company has set up warehouses in three different countries. In 2019 we will be opening another 3 warehouses.

This years achievements will include Umbra Rimorchi to distribute overseas to Australia and South America..

Quality

Our products are always the best. We are Italian's N. 1 company within the industry.

Reliability

You can always be sure to to have the excellence you need. Because we are the best.

Customer care

Our employees are always available to assist you with your enquiries and questions.

Umbra Rimorchi in the world

Umbra Rimorchi has always been synonymous with quality and reliability, and enjoys the respect of customers thanks to the high level of service offered constantly over time.

Our company for many years has been the leading Italian manufacturer of towbars for cars and commercial vehicles and can rely on a network of technicians and distributors widespread and deeply well-established throughout the territory.

Today Umbra Rimorchi exports more than 50% of its turnover, registering an increase of over 1600% in the last two years.

Precisely because of the strong expansion abroad it has been created a new independent brand "UR towbars", green in color, which soon began to establish itself in Italy and is now our main product identifier.

ITALIAN LEADERS

C MODEL

Manually detachable ball

Example of towbar installed
on motorhome

Camper towing hooks are a precious resource, and more and more essential if you want to transport everything you want and need. Thanks to our company, the transport of motorbike, parcel or bike carriers will no longer be a problem.

Our selection of tow hooks, attachments and control units is based not only on aesthetic but above all technical criteria. Our tow hooks are characterized by their **ease of installation, their high quality and their competitive price, without neglecting the fact that they have European approval according to Directive 94/20 / EC or Regulation R55.**

Umbra Rimorchi has always been synonymous with guarantee and reliability: we are specialists in accessories for the transport of campers, combining quality and technical rigor to offer customers truly functional products at competitive prices.

Ease of use

Practical, handy and simple to assemble.

Competitive price

In line with customer research and needs.

EU Approval

Further guarantee of extreme quality.

What we do

Umbra Rimorchi uses the most up-to-date technologies. Before producing the towbars it follows a precise procedure:

1

CAD Design

for the creation of the first prototype, in compliance with the measures required by the design of the rear of the car on which the tow hook will be mounted.

2

Solid modelling

to define the tridimensionale shape of the products.

3

FEM models

to verify and analyze the finished elements.

Our strenghts

Our Staff

There is constant dialogue between the planning and the production departments and this enables our Staff of technicians to create new products and to improve the already existing ones.

Research

Our main goal is to search for new materials and new manufacturing processes without compromising the strength, the reliability and the safety of the products.

Test

Every prototype that we create undergoes severe testing before being manufactured and they are all produced according to the EU Regulations.

Collaborations

In the last few years Umbra Rimorchi has begun to cooperate with some of the most important research centres throughout Europe with the aim to reach high quality design standards, high quality production and maintain low costs.

Our bestseller

MODEL F - FIXED SWAN NECK BALL

Basic solution for those who want to save as much as possible and for a more handiness device. The ball is secured to the tow beam through screws and bolts, and if needed it can still be removed through the use of a simple key.

MODEL C - MANUALLY DETACHABLE BALL

The best solution for all uses, from the professional using commercial vehicles to families that hook the trailer during their free time. The ball can be removed through the use of a lever with manual tightening and when not in use it can be placed in the boot.

No tools are required, making this solution the best compromise quality / price available.

The lever is also compatible to lodge an anti-theft device with key, which makes the model C optimal also from the point of view of safety.

Assembly instructions

MODEL VM - VERTICAL RETRACTABLE BALL

For those who want only the best, the top solution is the vertical ball, that once removed it makes the fitted tow bar completely invisible. The system is technologically advanced and at the same time extremely simple and it is based on a clamping mechanism with automatic key.

It is designed to provide the same characteristics of strength and reliability of the other two, in other to maintain unaltered the aesthetics of the vehicle when not in use.

Assembly instructions

Our wiring kits

Universal wiring kits without junction box

The towbar for all vehicles without check-control and in general for all those that were produced until 2003, can be simply equipped with a 7 or 13pin wiring kit. In this case it is not necessary the use of an extra junction box to guarantee the functioning of the trailer's lights.

Available variations:

C7
7 pin universal wiring kit
without junction box

C
13 pin universal wiring kit
without junction box

Universal wiring kits with junction box

For the more recent vehicles, equipped with check control and with a more complex electronics, it is also necessary to install an additional junction box to allow the correct functioning of the trailer's lights. For this purpose are commercially available a large number of alternatives, with different qualitative and functional characteristics, which cover a wide range of needs.

The universal wiring kits with Umbra Rimorchi junction box guarantee the best possible money value and are specifically designed to meet 100% the peculiarities of each target market.

Available variations:

C7+C
7 pin wiring kit with
universal junction box

C+C
13 pin wiring kit with
universal junction box

C7+CPDC
7 pin wiring kit with
universal junction box and
automatic detachment of
PDC (Park Distance Control)

C+CPDC
13 pin wiring kit with
universal junction box and
automatic detachment of
PDC (Park Distance Control)

Specific wiring kits

As an alternative to the Universal wiring kits, it is now available the full range of the Specific ones, that are individually designed for each vehicle and provide complete compatibility with any original electronic device.

As this product range is constantly evolving and updating, before making an order it is best to verify if the wiring is available with our sales office.

Available variations:

7SPEC
7 pin specific wiring kit
with junction box

13SPEC
13 pin specific wiring kit
with junction box

	13-7Pin adapter	ADAT.0004
	7-13Pin adapter	ADAT.0005

General terms of sale

1- Effectiveness of the General Terms

The General Terms, except for possible derogations specifically agreed in writing, discipline all the current and future terms of sale between the parties.

Statements of agents, procurers, distributors or other mediators do not commit Umbra Rimorchi in any way, unless they result from a relevant written document signed by the pro tempore legal representative of Umbra Rimorchi.

2- Delivery

Ex-Works Umbra Rimorchi plant located in Perugia.

Different terms of delivery will have to be agreed in writing with Umbra Rimorchi. In any case the goods always travel at the buyer's risk.

3- Prices and taxes

Prices shown in this price list are to be considered exclusive of VAT.

Unless otherwise agreed, the Umbra Rimorchi price list in force will be applied at the date of conclusion of the contract.

4- Terms and conditions

Unless otherwise agreed in writing, payment of the prices and of all other amounts due for any reason by the Customer to Umbra Rimorchi will have to be made to the seat of the firm or if necessary in an other place previously indicated in writing by Umbra Rimorchi.

The Customer will have to make the payments exactly in compliance with the terms and conditions agreed with Umbra Rimorchi. The non-compliance with the terms and conditions, releases Umbra Rimorchi from the fulfilment of the delivery obligations, in the case that the delivery has already taken place, the non fulfilment of any obligation by the Customer subsequent to the delivery, will involve the loss for the Customer of any benefit agreed in his favour and will therefore give Umbra Rimorchi the right to demand payment of the whole residual amount, in addition to the interest, starting from the expiry date to the actual payment at the nominal 8% annual interest rate, or if higher, at the rate of the Legislative Decree n° 231/2000 art.4 (where applicable).

Where the delay in payment exceeds 30 days from the expiry date, Umbra Rimorchi is in any case in the right to rescind the contract, except for damage compensation.

5- Complaints and products restitutions

Possible complaints with regards to obvious faults (such as packing, quantity, colour, number and exterior characteristics) will have to be notified to Umbra Rimorchi by registered letter within 8 days of the delivery date of the products or forfeit the right to reclaim. Possible complaints with regards to concealed faults (flaws that cannot be identified through scrupulous inspection at the moment of delivery) will have to be notified to Umbra Rimorchi by registered letter within 8 days of discovering the flaw and anyway not more than 12 months from delivery or forfeit the right to reclaim.

It is understood that possible complaints or claims do not give the Customer the right to suspend or delay payment of the products in dispute.

The products cannot be returned if the restitution hasn't been previously authorized in writing by Umbra Rimorchi.

The unauthorized restitution will not in any way effect the rescission of the sales contract and so Umbra Rimorchi will have the right to demand the due payment.

The faulty products will have to be delivered directly to Umbra Rimorchi or to an authorized Umbra Rimorchi Customer Service at the Customer's expense. Any complaints or delivery made to agents, brokers, distributors and other mediators will be of no effect in accordance with the present paragraph.

6- Flaw guarantee

Umbra Rimorchi guarantees the conformity of the products supplied as explicitly agreed. The guarantee for flaws is limited to defects in design, material or manufacture for which Umbra Rimorchi can be proven to be responsible. The Customer loses the right to the guarantee if:

- he doesn't use the product correctly;
- he assembles or disassembles it without scrupulously following the fitting instructions and using non-original parts;
- he hasn't taken care of the maintenance and preservation of the products in accordance with the indications of the fitting instructions;
- he has modified or tried to fix the product without the permission of Umbra Rimorchi.

Umbra Rimorchi undertakes to rectify the above mentioned flaws, lack of quality or defects in conformity of the products for which Umbra Rimorchi can be proven to be directly responsible which may occur within twenty-four months of delivery, if the defects are brought to their attention immediately in accordance with art.5 and only in the event that the presence of the reported flaws are confirmed by an Umbra Rimorchi authorized Customer Service Centre or directly by Umbra Rimorchi. Umbra Rimorchi can choose whether to repair or substitute the faulty products, except in the event of fraud or gross negligence by Umbra Rimorchi the compensation for damage for the Customer cannot however be more than the part of the amount indicated in the invoice which the Customer has already paid.

The guarantee referred to in this paragraph absorbs and substitutes the legal rules and regulations of the guarantee for defects and excludes any other liability of Umbra Rimorchi originating from the products supplied; therefore, the Customer can not boast claims that do not conform to the conventional rules of the guarantee, such as, for example, claims for damage, reduction of price or rescission of the contract. Elapsed the warranty period no claim can be made against Umbra Rimorchi, in any case.

7- Documents and testing and registration fees

The documents for the testing of tow bars and for the registration or coupling of trailers, are included in the price list; the cost of its papers is to be borne exclusively by the Customer.

8- Discipline of the guarantee in the event of applicability of the Consumer Code

Provided that there are the subjective and objective conditions for the application of the Consumer Code, the provisions of Title II - Liability for defective products - and Title III - Legal guarantee of conformity and commercial guarantees for consumer goods will be applied to the sales made by Umbra Rimorchi - Legislative Decree 206/2005.

9- Jurisdiction

For any dispute concerning rights and obligations arising from this contract the Court of Perugia will have jurisdiction.
